Professional background

Dr Ganesh finished his MBBS in India and did his Australian Medical Council exams in 2008. He then completed his specialist training in Rehabilitation Medicine by 2015 from the Faculty of Rehabilitation Medicine under Royal Australasian College of Physicians.

Dr Ganesh has gained varied experience by working in both public and private hospitals. His polite and holistic approach has always helped patients in their rapid recovery and appropriate discharge planning.

Dr Ganesh has commenced at Robina Private Hospital as a Visiting Medical Officer and happy to facilitate inpatient and day patient rehabilitation programs with allied health team involvement.

Referrals from specialists and General Practitioners are welcome for patients with private insurance, DVA eligibility, Workcover or NDIS funding.
