Yes, upon request

Professional background

Dr Clark is a consultant psychiatrist, experienced in general psychiatry with special interest, training, and experience in children and young adults.

Dr Clark completed both her basic medical training and advanced psychiatric training in South East Queensland, so she is familiar with the services and programs available in the area.

Dr Clark is passionate about providing comprehensive care, incorporating families and carers where possible. Social and emotional wellbeing is prioritised, without a sole focus on biological treatments.

Dr Clark continues to provide teaching for medical students and psychiatry registrars, as well as provide mentoring for fellow consultants.
